RESPONSIBLE PERSON IN THE EU

Manufacturer established in the European Union: no separate responsible person is required.

WARNINGS AND SAFETY INFORMATION

General warnings

- This product is intended only to be worn as an ornament under normal conditions of use.
- The product contains metals and metal alloys that may cause reactions in people who are sensitive or allergic to metals. In case of redness, itching or irritation, remove the jewellery and consult a doctor.
- Do not swallow or put in the mouth. Keep out of the reach of children and vulnerable persons, paying particular attention to small or removable parts.
- Remove the jewellery before sleeping, doing sports, swimming, doing manual work or using machinery, to prevent it from catching and causing injury.
- Remove the jewellery before medical examinations (e.g. MRI, X-rays) and procedures; do not use it where it may interfere with medical equipment or devices.
- Take care with edges, profiles and pointed parts. Regularly check clasps and solderings and do not wear the product if damaged or deformed.

Earrings

- Clasps (butterflies, posts, hooks) are small parts that can be swallowed or inhaled: keep them away from children.
- Insert the earrings only into fully healed ear piercings; do not use them to perform a piercing or while a piercing is healing.
- Clean the post and the earlobe before use and do not share the earrings with other people.

Children's jewellery

- This item is a piece of jewellery, not a toy.
- Contains small parts: choking hazard. Only to be worn under the constant supervision of an adult.
- Always remove the jewellery before sleep and whenever the child is not supervised.
- Regularly check that clasps and small parts are intact and securely fastened.

DECLARATION

Fair Line S.r.l. (ISO 9001 certified) selects its suppliers and applies quality control procedures to incoming products and in-house production. The alloys used comply with the restrictions applicable to jewellery under Regulation (EC) 1907/2006 (REACH). Should a product prove non-compliant or dangerous, Fair Line informs the manufacturer and the competent authorities through the Safety Business Gateway.

Keep this sheet with the product and hand it over to the final buyer.
